RE: Amended January 31 Report

March 9, 2012

Enclosed please find the amended January 31 FEC report.

The previously filed report used an improper method to show returned contributions. The proper offset method, upon advice of the analyst, is used in the amended report.

In addition, the totals for disbursements and, therefore, for cash on hand are incorrect in the previously filed report and have been corrected in the amended report. These discrepancies are the result of newly amended reports for July 15 and October 15. All the amended reports are included in this packet.

Thank you for your service.

Sincerely,

A handwritten signature in cursive script, appearing to read "Shelley J. Alpern".
